

Orion Labs Employee Handbook

Working Hours

Orion Labs operates on a flexible schedule. Core collaboration hours are 10:00 AM to 3:00 PM Eastern Time, Monday through Thursday. Fridays are reserved for focused work and no internal meetings may be scheduled on Fridays. Employees may work remotely up to three days per week; teams agree on shared office days with their manager.

Paid Time Off

Full-time employees accrue 1.75 days of paid time off per month, for a total of 21 days per year. Unused PTO rolls over up to a maximum of 10 days into the following calendar year. Any balance above 10 days is forfeited on January 1. Requests longer than five consecutive working days must be submitted at least three weeks in advance.

Holidays

The company observes eleven paid holidays each year, including a floating holiday that each employee may take on a day of personal or cultural significance. The office is closed between December 24 and January 1.

Parental Leave

Orion Labs provides 16 weeks of fully paid parental leave to all parents, including birth, adoptive and foster parents. Leave may be taken in up to two blocks within the first year after the child arrives. Employees become eligible after 90 days of employment.

Learning Budget

Each employee receives an annual learning budget of \$1,500 for courses, books, certifications and conferences. Unused learning budget does not roll over. Purchases above \$300 require manager approval before payment.

Equipment

New hires choose either a 14-inch or 16-inch laptop and receive a \$400 stipend for home office furniture. Equipment remains company property and must be returned within ten business days of an employee's last day.

Expense Reimbursement

Business expenses must be submitted through the Ledger app within 30 days of purchase with an itemized receipt attached. Meals while traveling are reimbursed up to \$75 per day. Economy class is required for flights shorter than six hours; premium economy is allowed for longer flights.

Performance Reviews

Performance reviews happen twice a year, in March and September. Each review includes a self-assessment, peer feedback from at least two colleagues and a calibration session among managers. Compensation adjustments are announced in April.
